

K-Love should remain as is, listener supported. This community is affected with the station's positive influence without commercial influence. If it were to be displaced by an LPFM broadcaster providing other programming many Christian's would be extremely dissapointed. KLove instills Values, Morals & Love that no other station has to offer. I will continue being a financial supporter to KLove, which I strongly believe in. Many thousands of listeners in our community and others have been influenced by this station each minute. The on air testimonies are proof. PLEASE keep KLove as it is.
